**Cancer Services of Northeast Indiana receives grant from Kosciusko County
Community Foundation**

FORT WAYNE, IND. – The Kosciusko County Community Foundation has provided Cancer Services of Northeast Indiana with a generous grant of \$7,500 to support the agency’s Client Advocate Program for Kosciusko County residents.

The grant dollars will ensure families in Kosciusko County who are dealing with a cancer diagnosis receive the caring support they need, including financial assistance and emotional support.

“Cancer Services is grateful not only for this financial support from the Kosciusko Community Foundation, but also for the many ways the foundation works to strengthen and support effective non-profits serving the community,” said Dianne May, Cancer Services’ executive director. The Foundation’s careful stewardship and efforts to provide quality educational experiences for non-profit leadership are impressive.”

About Cancer Services of Northeast Indiana

Cancer Services’ mission is to enhance the quality of life of those affected by cancer by providing meaningful resources, information and compassionate assistance.
