Cancer Services to Partner with ICC to host “Life with Prostate Cancer”

September is prostate cancer awareness month, and we are proud to partner with The Indiana Cancer Consortium’s Prostate Cancer Coordinating Committee to present “Life with Prostate Cancer,” a seminar for prostate cancer patients, survivors, and loved ones. This seminar is designed to provide prostate cancer patients with information to live life more fully after diagnosis and treatment.

The seminar will be held at Cancer Services, 6316 Mutual Drive, Fort Wayne, on Tuesday, September 11, from 6:30 to 8:30 p.m., and features keynote presentations from Dr. Donald Urban of Parkview Physicians Group, as well as Dr. Theodore Wagner of Northeast Indiana Urology. Bill Seidel, a prostate cancer survivor, will give a special guest presentation on “Tricks Learned in Dealing with Prostate Cancer.” Topics of discussion will include survivorship, intimacy, and treatment.

For more information, please visit the [ICC website](#) or the [Life with Prostate Cancer](#) registration page. Reservations may also be made by calling Cancer Services at (260) 484-9560 or toll free 866-484-9560.

Excluding all types of skin cancer, prostate cancer is the most commonly diagnosed cancer and the second leading cause of cancer death among men in the United States and Indiana. Approximately 1 in 6 men in the United States will be diagnosed with prostate cancer and 1 in 36 will die from it during their lifetime (visit [Prostate Cancer in Indiana](#) to learn more).
